with the Public Health Dept the rules regarding the duties of Chief Sanitary Inspectors. ~~Had~~ applicable all right The question of the status & functions of the Secretary of the P.H. Institute is separately under consideration

Sec II. Central Sanitary Board. In the Jo of 13.7.20 referred to, the Revenue Secretary ~~was~~ had been appointed ~~ex~~ officio member of the Board & the order has not been modified & unless modified, the Revenue Secretary will have to continue as a member. In the same order the Senior Officer of the P.H. Dept had been appointed the Secretary of the Board. The Sanitary Commissioner having written in his report for 1922 that there is no Secretary to the Board owing to the separation of the P.H. Institute from the Control of the Sanitary Commr, he was asked to submit proposals for the appointment of another Secretary. The proposals have not been received till now inspite of many reminders. The question of revising the rules

Sec III Vaccination This is all right Para 74 is under modification

Secs XII on periodical inspection & XIII popular instruction in Sanitary matters appear to be all right.

A) Sec XV. Mahrad Improvement. The whole of the Mahrad Improvement scheme is under revision & this section will have to be revised & ~~modified~~ amplified after the issue of the final orders on the matter

B) Section XVI Miscellaneous. appears to be all right

C) In regard to other sections viz IV Sanitary Inspectors VII Village Sanitation & Village planning ~~XIII~~ X Town planning & town Sanitary ~~Works~~ ~~XIV~~ and XIV Sanitation of Schools the final orders referred to in the manual are not yet up. The file may, however, be referred to the municipal & LB sections for necessary scrutiny in regard to sections III, IV, X, & XI to the Revenue Branch with regard to section VII and to the Education Branch regarding section XIV

D) The appendices (1 to 4) referred to in the body of the draft manual have not been received

Subject to orders

4/8/24

13) Section IV. Sanitary Inspectors classes are not longer held. Govt have recently ordered that Sanitary Inspector may be given work not of a sanitary nature when such duties do not interfere with their legitimate duties. (This might perhaps be introduced after para 11(i) appd. ~~subject to~~ copy of final orders not yet received from Govt) Flag 1.

the close of the paragraph:- "Arrangements should also be made for the training of Sanitary Inspectors on vaccination"

Page 66. para 201 & 202

A new para might perhaps be added regarding ~~the~~ ~~what~~ Influenza. ~~at~~ If approved a draft paragraph will be obtained from the Sanitary Commissioner's Office

~~Re the para 38, Instruction of the Forty months 1916, Marriages have to be registered in Special Cases.~~

Page 92. para 250 Note

It is stated that the Sanitary Commissioner may inspect the Health Offices in the cities of Bangalore, Mysore & the K.G. Fields. But there does not seem to be any G.O. prescribing this inspection & the city Health Officers are not directly subordinate to the Sanitary Commr. In these circumstances, ~~it~~ is a point for orders as to whether the note may not be deleted

Page 97. para 259 (bottom) There are no Circle Inspectors of Schools under recent orders

NOTE—Contn. sheet.

Dep 3"

effort. Some words might perhaps be substituted by the words "Inspectors of the different schools concerned". Again in Govt no 222-4/Edn: 304-23-2 dt 19-7-1924, it has been ordered that the University students (both men & women) should be inspected medically & given treatment. This also might perhaps be included at the end of the paragraph.

Page 70, para 21. Under Govt no 2360-70/Rural 30-18-5 dt 16.8.1919 the villagers' contribution on account of D.W. wells was reduced from half to one-third in ordinary villages and it was wholly waived in the case of wells sunk for depressed classes & in villages where distress prevails or where there is the danger of cholera breaking about. The para has also perhaps to be modified on the above lines.

It is ascertained from the Secretary Comm's Office that the appendices 1 & 2 & 3 refd to in para 15 above are being collected & will be sent in two or three days.

20) I regret that this has taken nearly 9 months & that no substantial progress has been made. The whole thing has to be scrutinized & submitted for orders within a month

25/4

Serial No.

24) The following notes are submitted in connection with the Public Health Manual:-

SECTION I.

This deals with the organisation of the Health Department including the Vaccine Institute, inspection by the Sanitary Commissioner and Sanitary staff the appointment, powers and duties of Health Officers and Chief Sanitary Inspector and has incorporated into it the existing standing orders. Since the submission of the draft manual, a change has been introduced in the form of diaries to be maintained and submitted by the Chief Sanitary Inspectors in G.O.No.L.2994-280 San. 48-23-5 dated 30th September 1924. This may be introduced in the appendix which has yet to be submitted by the Department.

In para 2, the reference to Supernumerary Assistants may be deleted or against this a note may be added that the incumbent has been transfered to the Medical Department as supernumerary.

SECTION II.

This deals with the constitution and function of the Central Sanitary Board. In the order of July 1920 constituting the Board, the Revenue Secretary has been appointed as a member of the Board and the Senior Officer of the Public Health Institute has been appointed as Secretary to the Board. The Revenue Secretary has been replaced by the Local and Legislative Secretary and owing to the separation of the Public Health Institute from the control of the Sanitary Commissioner, the latter officer has reported

Serial No.

there is no Secretary to the Board. He has been asked to submit proposals for the appointment of another Secretary. The Sanitary Commissioner has not sent up any proposals yet. But no money is being granted for execution of work by the Board and the Board has not been exercising any of the powers vested in it under the rules of ~~July~~ 2/5 1917 The works which were expected to be controlled by the Board have now been executed either through the ~~District Board~~ D.O.W or by the Local Bodies under schemes sanctioned by Government in each case, supplemented by Government grant-in-aid. Recently an establishment has been sanctioned to prepare plans, etc., for the Town planning and Sanitary schemes of the Local Bodies and as such the Section may well be omitted from here for the present.

SECTION III.

23) This relates to vaccination. The section begins with the control over the vaccination establishment (vide para 69). This is taken from para 6 of the G.O. No.5044-63 San.68-16-6 dated 9th March 1918. Agreeably to this some small verbal changes are made herein. In G.O.No.72-91/Ml.19-16-33 dated 4th July 1917, Government have ordered that all proposals regarding vaccination work and its establishment shall be submitted through the Sanitary Commissioner. In connection with the retirement of a Vaccinator recently in the Kolar District, the Sanitary Commissioner took objection to the retirement ordered without consulting him. The order of 1918 vests only disciplinary control and supervision in the Local Bodies. As regards appointments and retirements the order of 1917 seems to be in force. In

Ref (1917) Sec. II

NOTE—Contn. Sheet

Serial No.

In para 59 only professional and advice and scrutiny of the Sanitary Commissioner is incorporated. The incorporation of the provisions of the Order of 1917 is for orders. Of late, the District Boards are advised to send such proposals through the Sanitary Commissioner.

Paras 73 and 74 have been modified by the G.O. No.L.2856-75/San.4-24-2 dated 1st October 1924. These paras have therefore to be altered agreeably to the changes ordered.

A sub para may be added to para 94 with regard to the training of Sanitary Inspectors in vaccination contained in Govt. Order No.L.1640-20/Ml.185-18 25 dated 19th September 1921 as follows:-

"Arrangements should also be made for the -- training of Sanitary Inspectors in vaccination".

SECTION IV.

This relates to the appointment, duties, control etc of Sanitary Inspectors and calls for no remarks except that the recent order of Govt authorising Local bodies to employ Sanitary Inspectors on duties not of a Sanitary nature when such employment does not interfere with their legitimate work may be incorporated as sub para of para 117.

SECTION V.

This relates to vital statistics. Para 119 is superflous and may be omitted, as it is intended to embody in the chapter only the rules as modified.

SECTION VI.

This relates to the prevention of epedimics.

NOTE.--Contn. Sheet

Serial No.

Para 151 relating to forms to be used for reporting epedimics has been modified in G.O.No.3889-906/San. 37-24-2 dated 28th March 1925. This has to be modified suitably. LL

After para 156, the last but one para of G.O. No.G.18690-706/San.92-18-10 cated 14th February 1920 may be inserted. R1

G.O.No.L.3272-92/San.12-23-6 dated 29th October 1924 directing that the cost of antiplague serum be borne by the state has to be incorporated also. Instructions to be observed during influenza might -- AT perhaps be also required to be incorporated in this Section. MM G.O. no 4547-63/Med 21-19-1889 23.8.1919 NN

SECTION VII.

27/ Village sanitation and village planning. This Section has been examined by the Revenue Branch. The suggestion made therein as regards para 204 has perhaps to be carried out. Kyd 16/

Rule 211 has to be modified in terms of para (i) to (iii) of Government Order No.2360-70/M1.30-18-5 dated 18th August 1919. Do — Under 6-c

SECTIONS VIII & IX

28/ These deal with the Health and Vaccine Institutes and call for no remarks.

SECTION X.

29/ This relates to town planning and other sanitary works. The latest order of Government sanctioning an establishment for town planning schemes sanctioned in the Local/Municipal areas may be incorporated in this -- chapter perhaps.

As regards professional scrutiny of estimates,

Serial No

information regarding works to be executed by the Local Bodies only is given. (Vide para 245) G.O.No. 4241-3/Ml.23-16-7 dated 6th January 1917 and No.6983-7003/L.B.36-17-1 dated 13th June 1918 regarding work to be executed by the Public Works Department and in City Municipalities may be incorporated.

SECTION XI. JATRAS

Para 246. Under the Epidemic Diseases Regulation only assemblage of persons from infected areas is restricted. Prohibition of jatras is not generally ordered and this has to be ordered in the Muzrai Branch after consulting the Muzrai Commissioner. Hence the para and marginal note have to be modified as follows:-

Prohibition of or restriction as to assemblage of persons during Jatras.

"If, in the opinion of the Deputy Commissioner, the outbreak and spread of plague, cholera or other epidemic are so imminent as to render it necessary to prohibit a Jatra, fair or festival he may move the Government through the Muzrai Commissioner for the issue of a necessary notification; but if it is intended only to restrict the concentration of persons coming from infected areas, he may the Government through the Sanitary Commissioner

SECTIONS XII & XIII.

These relate to periodical inspections and popul instruction in sanitary matters. These embody the existing orders and call for no remarks.

SECTION XIV

Sanitation and Medical inspection of schools. This has been scrutinised by the Education Department whose recommendations are contained in the letter

Serial No.

from
~~of~~ Inspector-General of Education dated the 14th November 1924 and the enclosures thereto. The adoption of the suggestions is for orders.

SECTION XV.

35) Malnad improvement. This may perhaps be omitted herefrom. If not, the provisions of G.O. No.L.2891-904/San.28-24-1 dated 1st October 1924 passing orders on the Malnad improvement scheme contained in paras 8 to 17 will have to be incorporated with the necessary modifications.

SECTION XXI

36) Miscellaneous rules and orders.

No remarks.

7/8/25

35) The Draft Manual may perhaps be returned to the Sanit Commissioner and Inspr General for consideration of the above suggestions & incorporation in the Manual and then for scrutiny after the return of the Draft with his opinion. We may be required to send the Appendices also.

OFFICE OF THE SANITARY COMMISSIONER
WITH THE GOVERNMENT OF MYSORE.

Bangalore, dated 17th July 1924.

FROM

DR. H. B. MYLVAGANAM, F.R.C.S. (ENG.),
Sanitary Commissioner with the
Government of Mysore,
Bangalore.

REVENUE SECRETARIAT
L 4580
18 JUL 1924
LOCAL SELF GOVT. BRANCH

17 JUL

Sany 5-24-4

To

B. NAGAPPA, ESQ., Bat-at-Law,
Secretary to the Government of Mysore,
Local and Legislative Departments, BANGALORE.

SIR,

With reference to the correspondence ending with your letter No. L. 4994/San. 6-11-2 dated the 3rd January 1924, I have the honor to submit herewith the revised draft Manual of the Public Health Department for the consideration and approval of Government.

I have the honor to be,

Sir,

Your most obedient servant.

H. B. Mylvaganam

SANITARY COMMISSIONER.

To

The Sanitary Commissioner

in Mysore.

Sir,

With reference to your letter No. C.527-7 dated 17th July 1924 forwarding for consideration, the draft of a revised Public Health Manual, I am directed to state that, in view of the large number of changes under contemplation in the Public Health Department, Government think that Dr.Karve may be asked to study and consider the draft manual and furnish his views on the same.

2. The draft manual is herewith returned

I have etc.,

General Secretary to Govt.

B.K.M.
